

Birth Plan Template

One page for your care team. Fill it out, print it, bring it with you.

Fill in what matters. Cross out what doesn't. Your nurses can read this in about thirty seconds, which is the whole point.

MY FLEXIBILITY STATEMENT

If something unexpected comes up, I'd like the conversation before the decision. Please explain what's needed, and include my partner or doula.

COPIES TO BRING: one for your chart, one for your nurse, one for your bag.

A plan is a letter to your care team, not a contract. Flex language is welcome here.
